

*Dear Hiring Manager,*

*I am writing this letter to express my keen interest in securing a suitable position available in your organization.*

*I am qualified and motivated professional with 9 years of experience in Electrical Project & Maintenance. I am currently working as a Electrical Engineer at Bharat Forge Ltd., Pune. More specifically, I have been instrumental in my company for handling Plant Electricals and Power Operations Management.*

*My educational qualification includes: Diploma in Electrical Engineering from Government Polytechnic, 2013*

*As you can see from my enclosed resume, few of my skills include:*

- *Adept in project management life cycle activities starting from requirements elicitation, analysis, design, development and completion of projects*
- *Stellar role in supervising installation, maintenance and commissioning services of electrical equipment's as per standards*
- *Well versed in performing troubleshooting activity on systems such as HT& LT sub-station breakers, generator, power transformer, UPS power transmission and electrical machines*
- *Championed at evaluating electrical systems, products, components, and applications by designing and conducting research programs*

*I also possess strong troubleshooting and problem resolution skills, and the ability to work effectively with large teams of engineers in resolving time-critical and complex issues. Hence, I am eager to put my skills to work in a capacity that will allow me the opportunity to further my professional development.*

*My resume is enclosed for your consideration. Should you have any questions or wish to schedule an interview, please do reach me at +917798463276. I look forward to hearing from you soon.*

*I appreciate your time and consideration.*

*Sincerely,*

**Somnath Laxman Kudale**
